Signature is a registered trademark of NCI Group, Inc.. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

❖ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI AGRI-LINE TECHNICAL PRODUCT INSTALLATION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

1. All Rain Guard® panel pricing is based on a 38 1/4" sheet width (see chart - opposite page).
2. Add \$1.05 per sheet for lengths 4'-0" and under.

PACKAGING COST:

1. Maximum 3000 pounds or 75 panels per bundle.
2. Block and band only \$10.00
3. Block and band, waterproof paper wrap \$1.40/linear foot
4. Block and band, waster sheet top only \$1.60/linear foot
5. Block and band, waster sheet top and bottom \$2.80/linear foot
6. LTL Package - block and band, waster sheet top and bottom, angle board sides and ends \$3.50/linear foot
7. Export Package - block and band, waster sheet top and bottom, steel and wood boxed Special Order Only

DELIVERY:

1. Stocked colors (see Commercial/Industrial Color Chart) Approximately 3 Working Days

NOTES:

1. Panel lengths greater than 30'-0" Please Inquire
2. Heavier gauges may minimize oil canning.

IMPORTANT NOTICE TO INSTALLER/CUSTOMER: Material should be inspected carefully prior to installation for defects including excessive oil canning. **Installation of material constitutes acceptance.**

Signature is a registered trademark of NCI Group, Inc.. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

❖ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI AGRI-LINE TECHNICAL PRODUCT INSTALLATION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

1. All Perma-Clad®, WeatherSafe® and Stormproof® panel pricing is based on a 38" sheet width (see chart - opposite page).
2. Add \$1.05 per sheet for lengths 4'-0" and under.

PACKAGING COST:

1. Maximum 3000 pounds or 75 panels per bundle.
2. Block and band only \$10.00
3. Block and band, waterproof paper wrap \$1.40/linear foot
4. Block and band, waster sheet top only \$1.60/linear foot
5. Block and band, waster sheet top and bottom \$2.80/linear foot
6. LTL Package - block and band, waster sheet top and bottom, angle board sides and ends \$3.50/linear foot
7. Export Package - block and band, waster sheet top and bottom, steel and wood boxed Special Order Only

DELIVERY:

1. 29 gauge Stocked colors (see Residential [Slimline®] Color Chart) Approximately 3 Working Days
2. 26 gauge Stocked colors (see Residential [Slimline®] Color Chart) Please Inquire

NOTES:

1. Panel lengths greater than 30'-0" Please Inquire
2. Heavier gauges may minimize oil canning.

IMPORTANT NOTICE TO INSTALLER/CUSTOMER: Material should be inspected carefully prior to installation for defects including excessive oil canning. Installation of material constitutes acceptance.

Stormproof® with Drip Stop

MBCI now offers an internationally patented CCM (Condensation Control Membrane) that can be pre-applied to our industry leading Stormproof® metal panel. This innovative product works by creating a medium for trapping moisture in the specially designed pockets formed within the felt's membrane. Holding moisture until conditions go back below the dew point. Drip Stop is then able to release the moisture back into the air in the form of normal humidity.
