Signature is a registered trademark of NCI Group, Inc. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

❖ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI COMMERCIAL/INDUSTRIAL OR "PBR"/"PBU" TECHNICAL/ERECTION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

1. All "PBR", "PBU" and "PBA"/"AVP" panel pricing is based on a 38 1/4" sheet width (see chart on opposite page).
2. Add \$7.55 per square for embossing.
3. Add \$1.05 per sheet for lengths 4'-0" and under.
4. Add \$32.40 set-up charge for reverse run "PBR" or "PBU" panels (upside down).
5. Perforated aluminum is 1/8" round on .324" staggered centers. Approximately 13.5% open area. Any other color, gauge or perforation pattern - Please inquire.

PACKAGING COST:

1. Maximum 3000 pounds or 75 panels per bundle.
2. Block and band only \$10.00
3. Block and band, waterproof paper wrap \$1.40/linear foot
4. Block and band, waster sheet top only \$1.60/linear foot
5. Block and band, waster sheet top and bottom \$2.80/linear foot
6. LTL Package - block and band, waster sheet top and bottom, angle board sides and ends \$3.50/linear foot
7. Export Package - block and band, waster sheet top and bottom, steel and wood boxed Special Order Only

DELIVERY:

1. 29 and 26 gauge - Stocked Signature® 200 colors (see color chart) Approximately 3 Working Days
2. 22 and 24 gauge - Galvalume Plus® and Signature® 200 White Approximately 3 Working Days
3. 22 and 24 gauge - Signature® 200 colors Approximately 14 Working Days
4. 26 gauge - Signature® 300 colors (see color chart) Approximately 14 Working Days

NOTES:

1. "PBA" panel is striated as a standard. "AVP" has pencil ribs as a standard.
2. The aesthetic results of installing "PBA" panels over blanket insulation can have varying degree of success depending upon the insulation thickness and density, as well as, the skill of and techniques used by the installer. However, use of "PBA" panels over blanket insulation thicker than 3" usually results in one or more of the following: (1) Panels will not hold 36" module, (2) Uniform panel side laps will be extremely difficult to maintain and (3) Panels are prone to exhibit oil canning.
3. Edge of panel in contact with concrete sheeting notch will result in excessive edge creep. Panel corrosion due to contact with concrete or any masonry product is excluded from Panel Warranty.
4. All perforated material comes with a light oil coating. Panels should be wiped clean before installing.

IMPORTANT NOTICE TO INSTALLER/CUSTOMER: Material should be inspected carefully prior to installation for defects including excessive oil canning. Installation of material constitutes acceptance.

COMMERCIAL / INDUSTRIAL

"PBR" Panel with Drip Stop

MBCI now offers an internationally patented CCM (Condensation Control Membrane) that can be pre-applied to our "PBR" metal panel. This innovative product works by creating a medium for trapping moisture in the specially designed pockets formed within the felt's membrane. Holding moisture until conditions go back below the dew point. Drip Stop is then able to release the moisture back into the air in the form of normal humidity.

Signature is a registered trademark of NCI Group, Inc. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

♦ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI COMMERCIAL/INDUSTRIAL OR "PBR"/"PBU" TECHNICAL/ERECTION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

- All "PBC" and "PBD" panel pricing is based on a 34" sheet width (see chart on opposite page).
- Add \$7.55 per square for embossing.
- Add \$1.05 per sheet for lengths 4'-0" and under.
- Perforated aluminum is $\frac{1}{8}$ " round on .324" staggered centers. Approximately 13.5% open area. Any other color, gauge or perforation pattern - Please inquire.

PACKAGING COST:

- Maximum 3000 pounds or 75 panels per bundle.
- Block and band only \$10.00
- Block and band, waterproof paper wrap \$1.40/linear foot
- Block and band, waster sheet top only \$1.60/linear foot
- Block and band, waster sheet top and bottom \$2.80/linear foot
- LTL Package - block and band, waster sheet top and bottom, angle board sides and ends \$3.50/linear foot
- Export Package - block and band, waster sheet top and bottom, steel and wood boxed Special Order Only

DELIVERY:

- 29 and 26 gauge - Stocked Signature® 200 colors (see color chart) Approximately 3 Working Days
- 22 and 24 gauge - Galvalume Plus® and Signature® 200 White Approximately 3 Working Days
- 22 and 24 gauge - Signature® 200 colors Approximately 14 Working Days
- 26 gauge - Signature® 300 colors (see color chart) Approximately 21 Working Days

NOTES:

- Edge of panel in contact with concrete sheeting notch will result in excessive edge creep. Panel corrosion due to contact with concrete or any masonry product is excluded from Panel Warranty.
- All perforated material comes with a light oil coating. Panels should be wiped clean before installing.

IMPORTANT NOTICE TO INSTALLER/CUSTOMER: Material should be inspected carefully prior to installation for defects including excessive oil canning. Installation of material constitutes acceptance.

Signature is a registered trademark of NCI Group, Inc. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

♦ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI COMMERCIAL/INDUSTRIAL OR "PBR"/"PBU" TECHNICAL/ERCTION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

1. All 7.2 panel pricing is based on a 39 1/8" sheet width (see chart on opposite page).
2. Add \$7.55 per square for embossing.
3. Add \$1.05 per sheet for lengths 4'-0" and under.

PACKAGING COST:

1. Maximum 3000 pounds or 75 panels per bundle.
2. Block and band only \$10.00
3. Block and band, waterproof paper wrap \$1.40/linear foot
4. Block and band, waster sheet top only \$1.60/linear foot
5. Block and band, waster sheet top and bottom \$2.80/linear foot
6. LTL Package - block and band, waster sheet top and bottom, angle board sides and ends \$3.50/linear foot
7. Export Package - block and band, waster sheet top and bottom, steel and wood boxed Special Order Only

DELIVERY:

1. 29 gauge - stocked Signature® 200 colors (see color chart) Approximately 14 Working Days
2. 26, 24 and 22 gauge - (see color chart) Please Inquire

NOTES:

1. Edge of panel in contact with concrete sheeting notch will result in excessive edge creep. Panel corrosion due to contact with concrete or any masonry product is excluded from Panel Warranty.
2. All perforated material comes with a light oil coating. Panels should be wiped clean before installing.

IMPORTANT NOTICE TO INSTALLER/CUSTOMER: Material should be inspected carefully prior to installation for defects including excessive oil canning. Installation of material constitutes acceptance.

Signature is a registered trademark of NCI Group, Inc. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

♦ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

PANEL PRICING:

1. The Retro-R® panel pricing is based on 38 1/2" sheet width (see chart on opposite page).
2. Add 1.05 per sheet for lengths 4'-0" and under.
3. Pricing includes the drip stop backer.

PACKAGING COST:

1. Maximum 3000 pounds or 75 panels per bundle.
2. Blocked and banded with waster sheet top and bottom \$2.80/linear foot
3. LTL Package - block and band, waster sheet top and bottom, wooden sides and ends \$3.50/linear foot
4. Export packaging per quote only.

DELIVERY:

1. 29 gauge Signature® 200 Stocked colors.
 (see Residential Color Chart, Slimline® Panel) Approximately 15 Working Days
2. 29 gauge Signature® 300 colors (contact MBCI for selection) Approximately 15 Working Days
3. 26 gauge (Galvalume Plus® & Signature® 200, 150 Square min.) Please Inquire

NOTES:

1. Maximum panel length is 40'-0".
2. The 1/4-14 x 7/8" type Long Life Lap Tek (Fastener #4) screws supplied by MBCI are the only approved fasteners for installation of the Retro-R® panel. Any deviation from this procedure will release MBCI from any liability.
3. Existing panels to which the Retro-R® panels will be attached, must be 36" wide and have major ribs 1 1/4" deep.
4. Edge of panel in contact with concrete sheeting notch will result in excessive edge creep. Panel corrosion due to contact with concrete or any masonry product is excluded from Panel Warranty.

IMPORTANT NOTICE TO INSTALLER/CUSTOMER: Material should be inspected carefully prior to installation for defects including excessive oil canning. Installation of material constitutes acceptance.

PRICE YOUR OWN CUSTOM STRUCTURAL SHAPES:

1. Select the strip width of material to be used
2. Prices in chart above are for 100 Linear Feet

Multiply the length of the part times the price per Linear Feet and divide by 100

This will provide the material price for the part length

3. Add \$1.65 for each break
4. Pricing includes banding material for shipment

NOTES:

1. Maximum closed angle is 45 degrees
2. Hems cannot be fabricated
3. Slight metal fracturing may occur at bend lines
4. Minimum break dimension is 1¹/₈"
5. All shapes are subject to tolerances published by MBMA

1. Prices above exclude tax, freight, engineering fees and crating fee.
2. This part fits most, but not all, R profiles. Customer should confirm fit.
3. Fasteners are ordered separately. 1/4"-14 Tek 3 is typical.
4. If customer requires engineering, call MBCI with project specifics to obtain engineering fee.
5. MBCI will assume no responsibility for code compliance unless engineering is included in project proposal.
6. Delivery - approximately 5 working days.

See Flat Sheet and Coil Selection Chart on CP-33 for color availability

Signature is a registered trademark of NCI Group, Inc.. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

* The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

NOTES:

1. Add \$108.00 set-up charge for coil. (Minimum 300 L.F.)
2. Add \$42.00 per coil for wood skid.
3. Add \$42.00 for flat sheet wood skid/Maximum 100 flat sheets or 3000# per skid. Maximum 14' length.
4. Add \$60.00 for LTL crating/Maximum 100 flat sheets or 3000# per skid. Maximum 14' length.
5. Add \$7.55 per square for embossing.
6. All coils are subject to ± 15% of quantity ordered.
7. The camber tolerance for coils is one inch in any 20 feet.
8. Strippable film available for flat sheets (except for "Low Gloss Paint Finish Systems") upon request. Add \$.10 per square foot.
9. Slitting available upon request - \$9.75 per CLF- \$300 minimum charge.
10. Flat sheet lengths other than 10'-2" are available upon request. Minimum length 5'-0", maximum length 14'-0". Flat sheet lengths over 14'-0" require special skid. Please inquire.
11. All material is Grade D for flat sheets, Grade D or E for coils.

6. Plywood crating	\$.950/linear foot
7. Paper wrap only (For customer pick-up only)	\$.12.00
8. Minimum packaging charge	\$.30.00
9. Minimum crating charge	\$.75.00
10. Special Packaging	Please Inquire

DELIVERY:

1. 26 gauge stock colors (see Commercial/Industrial Color Chart) Approximately 3 Working Days
2. Other gauges, colors and metals Please Inquire

PRICE YOUR OWN SPECIAL TRIM:

1. Calculate the number of square feet of material (girth x length).
2. Multiply number of square feet by the appropriate square foot price (see chart below).
3. Add \$1.20 for each break and \$2.40 for each hem.
4. Add appropriate packaging costs.
5. Specify the side with the color or finished coat.
6. Send sketch of the special flashing to MBCI with order.
7. If more than one special trim is required, number them SF1, SF2, SF3, etc.
