** See Architectural Color Chart for available colors

Signature is a registered trademark of NCI Group, Inc. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

♦ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the **MBCI ULTRA-DEK® OR DOUBLE-LOK® TECHNICAL/ERECTION MANUAL** for proper product application, design details and other product information.

PANEL PRICING:

1. All panel pricing is based on net coverage (see chart).
2. Use a 12" or 18" wide panel for termination for odd footage buildings.
3. Add \$7.55 per square for embossing.
4. For short panel lengths, add \$3.70 per panel for panels 4'-0" in length and shorter.
(Panels less than 4'-0" cannot be prepunched and notched)
5. See Pages SSR-17 and SSR-18 for clip pricing.
6. **Double-Lok® requires the MBCI Field Seaming Kit to field form panel side laps.**

PACKAGING COST:

1. Maximum 25 panels per Ultra-Dek® bundle, 20 panels per Double-Lok® bundle.
2. Standard Packaging
 - a. Galvalume Plus® panels - Banded w/cardboard rings 8'-0" O.C. \$0.30 per linear foot of bundle (\$15.50 min.)
 - b. Painted panels - Microfoam interleaving, waterproof paper, banded w/cardboard rings. \$1.30 per linear foot (\$65.00 min.)
3. Waterproof paper add to Standard Packaging on Galvalume® Plus panels. \$0.50 per linear foot of bundle (\$25.00 min.)
4. Export Packaging - Totally wood crated Special Order - Please Inquire

NOTES:

1. Delivery:
26 and 24 gauge - Galvalume Plus® and White Approximately 5 Working Days
All other available gauges and colors Approximately 3-5 Weeks
2. All panels are factory notched and prepunched at both ends unless specified otherwise.
3. All panels have factory applied sealant.
4. Panels over 40'-0" or under 5'-0" Please Inquire
5. 22 gauge Double-Lok® panels cannot be embossed due to seaming considerations.

INSPECTION DISCLAIMER

Always inspect each and every panel and all accessories before installation. Never install any product if its quality is in question. Notify MBCI immediately if any product is believed to be out of tolerance, specification or has been damaged during shipment.

♦ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the **MBCI ULTRA-DEK® OR DOUBLE-LOK® TECHNICAL/ERCTION MANUAL** for proper product application, design details and other product information.

PANEL PRICING:

1. All panel pricing is based on net coverage (see chart).
2. Use a 12" wide panel for termination for odd footage buildings.
3. Add \$7.55 per square for embossing.
4. For short panel lengths, add \$3.70 per panel for panels 4'-0" in length and shorter.
(Panels less than 4'-0" cannot be prepunched and notched)
5. See Pages SSR-17 and SSR-18 for clip pricing.
6. **Double-Lok® requires the MBCI Field Seaming Kit to field form panel side laps.**

PACKAGING COST:

1. Maximum 25 panels per Ultra-Dek® bundle, 20 panels per Double-Lok® bundle.
2. Standard Packaging
 - a. Galvalume Plus® panels - Banded w/cardboard rings 8'-0" O.C. \$0.30 per linear foot of bundle (\$15.50 min.)
 - b. Painted panels - Microfoam interleaving, waterproof paper, banded w/cardboard rings. \$1.30 per linear foot (\$65.00 min.)
3. Waterproof paper add to Standard Packaging on Galvalume® Plus panels. \$0.50 per linear foot of bundle (\$25.00 min.)
4. Export Packaging - Totally wood crated Special Order - Please Inquire

NOTES:

1. Delivery:
26 and 24 gauge - Galvalume Plus® and White Approximately 5 Working Days
All other available gauges and colors Approximately 3-5 Weeks
2. All panels are factory notched and prepunched at both ends unless specified otherwise.
3. All panels have factory applied sealant.
4. Panels over 40'-0" or under 5'-0" Please Inquire
5. 22 gauge Double-Lok® panels cannot be embossed due to seaming considerations.

INSPECTION DISCLAIMER

Always inspect each and every panel and all accessories before installation. Never install any product if its quality is in question. Notify MBCI immediately if any product is believed to be out of tolerance, specification or has been damaged during shipment.

♦ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI ULTRA-DEK® OR DOUBLE-LOK® TECHNICAL/ERCTION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

1. All panel pricing is based on net coverage (see chart).
2. Add \$7.55 per square for embossing.
3. For short panel lengths, add \$3.70 per panel for panels 4'-0" in length and shorter.
(Panels less than 4'-0" cannot be prepunched and notched)
4. See Pages SSR-17 and SSR-18 for clip pricing.
5. Double-Lok® requires the MBCI Field Seaming Kit to field form panel side laps.

PACKAGING COST:

1. Maximum 25 panels per Ultra-Dek® bundle, 20 panels per Double-Lok® bundle.
2. Standard Packaging
 - a. Galvalume Plus® panels - Banded w/cardboard rings 8'-0" O.C. \$0.30 per linear foot of bundle (\$15.50 min.)
 - b. Painted panels - Microfoam interleaving, waterproof paper, banded w/cardboard rings. \$1.30 per linear foot (\$65.00 min.)
3. Waterproof paper add to Standard Packaging on Galvalume® Plus panels. \$0.50 per linear foot of bundle (\$25.00 min.)
4. Export Packaging - Totally wood crated Special Order - Please Inquire

NOTES:

1. Delivery:
26 and 24 gauge - Galvalume Plus® and White Approximately 5 Working Days
All other available gauges and colors Approximately 3-5 Weeks
2. All panels are factory notched.
3. **12" panels are not prepunched.**
4. Panels over 40'-0" or under 5'-0" Please Inquire
5. 22 gauge Double-Lok® panels cannot be embossed due to seaming considerations.

INSPECTION DISCLAIMER

Always inspect each and every panel and all accessories before installation. Never install any product if its quality is in question. Notify MBCI immediately if any product is believed to be out of tolerance, specification or has been damaged during shipment.

** See Architectural Color Chart for available colors

Signature is a registered trademark of NCI Group, Inc. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

❖ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI BATTENLOK® HS DESIGN/INSTALLATION INFORMATION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

1. All panel pricing is based on net coverage.
2. For short panel lengths, add \$3.70 per panel for panels 4'-0" in length and shorter.
3. Panels must be specified as: "Striated" or "Non-Striated". No charge for striations.
4. Add \$7.55 per square for embossing.
5. Panels must be specified as "blank" (no endlaps), "eave", "mid" or "peak" (when endlaps are required). (Panels specified as eave, mid, or peak must be a minimum of 4'-0" long)
6. All prices include standard packaging.
7. See Page SSR-17 for clip pricing.
8. For panels without mastic in the sidelap, deduct: \$4.75 per square.
9. No charge for swaging (required at endlaps).
10. Panel endlaps are factory notched, swaged and prepunched.
11. **BattenLok® HS requires the MBCI Field Seaming Kit to field form panel side laps.**

PACKAGING COST:

1. 20 Panels per bundle.
2. Standard packaging: block and band.
3. LTL shipments require plywood crating.
4. Plywood crating: Add \$20.00 per square - \$200.00 minimum.
5. Special packaging: Please inquire.

DELIVERY

1. 24 gauge - stocked colors Approximately 10 Working Days
2. Other gauges, colors and metals Please Inquire

NOTES:

1. All panels - lengths over 40'-0" Please Inquire
2. **MBCI standard will include light striations. If non-striated panels are required, customer must specify in writing on order.**
3. **Heavier gauges, narrower widths, striations and embossing may minimize oil canning.**
4. **Panel lengths 4'-0" or less do not have factory applied mastic.**

INSPECTION DISCLAIMER: Always inspect each and every panel and all accessories before installation. Never install any product if its quality is in question. Notify MBCI immediately if any product is believed to be out of tolerance, specification or has been damaged during shipment.

Signature is a registered trademark of NCI Group, Inc. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

❖ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI BATTELLOK® HS DESIGN/INSTALLATION INFORMATION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

1. All panel pricing is based on net coverage.
2. For short panel lengths, add \$3.70 per panel for panels 4'-0" in length and shorter.
3. Panels must be specified as: "Striated" or "Non-Striated". No charge for striations.
4. Add \$7.55 per square for embossing.
5. Panels must be specified as "blank" (no endlaps), "eave", "mid" or "peak" (when endlaps are required). (Panels specified as eave, mid, or peak must be a minimum of 4'-0" long)
6. All prices include standard packaging.
7. See Page SSR-17 for clip pricing.
8. For panels without mastic in the sidelap, deduct: \$6.30 per square.
9. No charge for swaging (required at endlaps).
10. Panel endlaps are factory notched and swaged. **Panels are not prepunched.**
11. **BattenLok® HS requires the MBCI Field Seaming Kit to field form panel side laps.**

PACKAGING COST:

1. 20 Panels per bundle
2. Standard packaging: block and band.
3. LTL shipments require plywood crating.
4. Plywood crating: Add \$20.00 per square - \$200.00 minimum.
5. Special packaging: Please inquire.

DELIVERY

1. 24 gauge - stocked colors Approximately 10 Working Days
2. Other gauges, colors and metals Please Inquire

NOTES:

1. All panels - lengths over 40'-0" Please Inquire
2. **MBCI standard will include light striations. If non-striated panels are required, customer must specify in writing on order.**
3. **Heavier gauges, narrower widths, striations and embossing may minimize oil canning.**
4. **Panel lengths 4'-0" or less do not have factory applied mastic.**

INSPECTION DISCLAIMER: Always inspect each and every panel and all accessories before installation. Never install any product if its quality is in question. Notify MBCI immediately if any product is believed to be out of tolerance, specification or has been damaged during shipment.

◊ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI SUPERLOK® DESIGN/INSTALLATION INFORMATION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

1. All panel pricing is based on net coverage.
2. For short panel lengths, add \$3.70 per panel for panels 4'-0" in length and shorter.
3. Panels must be specified as: "Striated" or "Non-Striated". No charge for striations.
4. Add \$7.55 per square for embossing.
5. Panels must be specified as "blank" (no endlaps), "eave", "mid" or "peak" (when endlaps are required). (Panels specified as eave, mid, or peak must be a minimum of 4'-0" long)
6. All prices include standard packaging.
7. See Page SSR-17 for clip pricing.
8. No charge for swaging (required at endlaps).
9. Panel endlaps are factory notched, swaged and prepunched.
10. SuperLok® requires the MBCI Field Seaming Kit to field form panel side laps.

PACKAGING COST:

1. 20 Panels per bundle.
2. Standard packaging: block and band.
3. LTL shipments require plywood crating.
4. Plywood crating: Add \$20.00 per square - \$200.00 minimum.
5. Special packaging: Please inquire.

DELIVERY

1. 24 gauge - stocked colors Approximately 10 Working Days
2. Other gauges, colors and metals Please Inquire

NOTES:

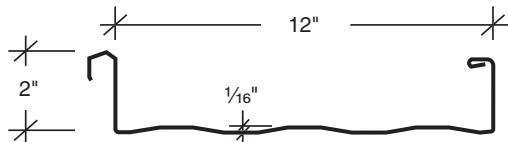

1. All panels - lengths over 40'-0" Please Inquire
2. MBCI standard will include light striations. If non-striated panels are required, customer must specify in writing on order.
3. Heavier gauges, narrower widths, striations and embossing may minimize oil canning.
4. Panel lengths 4'-0" or less do not have factory applied mastic.
5. 22 gauge SuperLok® panels cannot be embossed due to seaming considerations.

INSPECTION DISCLAIMER: Always inspect each and every panel and all accessories before installation. Never install any product if its quality is in question. Notify MBCI immediately if any product is believed to be out of tolerance, specification or has been damaged during shipment.

† Polar White only

Signature is a registered trademark of NCI Group, Inc. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

♦ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI SUPERLOK® DESIGN/INSTALLATION INFORMATION MANUAL for proper product application, design details and other product information.

PANEL PRICING:

1. All panel pricing is based on net coverage.
2. For short panel lengths, add \$3.70 per panel for panels 4'-0" in length and shorter.
3. Panels must be specified as: "Striated" or "Non-Striated". No charge for striations.
4. Add \$7.55 per square for embossing.
5. Panels must be specified as "blank" (no endlaps), "eave", "mid" or "peak" (when endlaps are required). (Panels specified as eave, mid, or peak must be a minimum of 4'-0" long)
6. All prices include standard packaging.
7. See Page SSR-17 for clip pricing.
8. No charge for swaging (required at endlaps).
9. Panel endlaps are factory notched, swaged and prepunched.
10. SuperLok® requires the MBCI Field Seaming Kit to field form panel side laps.

PACKAGING COST:

1. 20 Panels per bundle.
2. Standard packaging: block and band.
3. LTL shipments require plywood crating.
4. Plywood crating: Add \$20.00 per square - \$200.00 minimum.
5. Special packaging: Please inquire.

DELIVERY

1. 24 gauge - stocked colors Approximately 10 Working Days
2. Other gauges, colors and metals Please Inquire

NOTES:

1. All panels - lengths over 40'-0" Please Inquire
2. MBCI standard will include light striations. If non-striated panels are required, customer must specify in writing on order.
3. Heavier gauges, narrower widths, striations and embossing may minimize oil canning.
4. Panel lengths 4'-0" or less do not have factory applied mastic.
5. 22 gauge SuperLok® panels cannot be embossed due to seaming considerations.

INSPECTION DISCLAIMER: Always inspect each and every panel and all accessories before installation. Never install any product if its quality is in question. Notify MBCI immediately if any product is believed to be out of tolerance, specification or has been damaged during shipment.

The above prices are non-discountable

* Add \$275.00 crate/packaging fee for orders under 1,500 lf

Weight per 10'-0" piece - 17.70#

NOTES:

1. Prices above exclude tax, freight, engineering fees and crating fee.
2. This part fits **most, but not all**, trapezoidal profiles. Customer should confirm fit.
3. Fasteners are ordered separately. 1/4"-14 Tek 3 is typical.
4. If customer requires engineering, call MBCI with project specifics to obtain engineering fee.
5. MBCI will assume no responsibility for code compliance unless engineering is included in project proposal.
6. Delivery - approximately 5 working days.

Roof Hugger - Model T

Height 4.50", Base 1.50", Top 2", Length 10'

Fits over existing trapezoidal panels with high clips.

PRICE PER EACH									
PART NUMBER	150 - 249	250 - 499	500 - 749	750 - 999	1,000 - 1,499	1,500 - 1,999	2,000 - 2,999	3,000 - 3,999	OVER 4,000
HW-1240T	✓	✓	✓	✓	✓	✓	✓	✓	✓

The above prices are non-discountable

* Add \$275.00 crate/packaging fee for orders under 1,500 lf

Weight per 10'-0" piece - 17.70#

NOTES:

1. Prices above exclude tax, freight, engineering fees and crating fee.
2. This part fits most, but not all, trapezoidal profiles. Customer should confirm fit.
3. Special fasteners required to attach Hugger to existing purlin. #17 fasteners also required at the Hugger "arms" to attach to side of trapezoids.
4. Confirm that eave does not have thermal blocks or standoff clips.
5. If Customer requires engineering, call MBCI with project specifics to obtain engineering fee.
6. MBCI will assume no responsibility for code compliance unless engineering is included in project proposal.
7. Delivery - approximately 3 weeks.

* See Flat Sheet and Coil Selection Chart on SSR-34 for color availability

Signature is a registered trademark of NCI Group, Inc.. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.

* The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

NOTES:

1. Add \$108.00 set-up charge for coil. (Minimum 300 L.F.)
2. Add \$42.00 per coil for wood skid.
3. Add \$42.00 for flat sheet wood skid/Maximum 100 flat sheets or 3000# per skid. Maximum 14' length.
4. Add \$60.00 for LTL crating/Maximum 100 flat sheets or 3000# per skid. Maximum 14' length.
5. Add \$7.55 per square for embossing.
6. All coils are subject to $\pm 15\%$ of quantity ordered.
7. The camber tolerance for coils is one inch in any 20 feet.
8. Strippable film available for flat sheets (except for "Low Gloss Paint Finish Systems") upon request. Add \$.10 per square foot.
9. Slitting available upon request - \$9.75 per CLF- \$300 minimum charge.
10. Flat sheet lengths other than 10'-2" are available upon request. Minimum length 5'-0", maximum length 14'-0". Flat sheet lengths over 14'-0" require special skid. Please inquire.
11. All material is Grade D for flat sheets, Grade D or E for coils.

TRIM PRICING:

1. Galvalume Plus® and Signature® 200 trim is 26 gauge material unless noted. 24 gauge is available on request.
2. Signature® 300 and Signature® 300 Metallic colors are available in 24 gauge only. See Architectural color chart.
3. Add \$7.55 per square for embossing.
4. When ordering standard trim in custom lengths, use price per linear foot for standard trim plus a 10% surcharge.
5. Prices **do not** include standard packaging.
6. Strippable film available for trim (Except for "Low Gloss Paint Finish Systems") upon request. Add \$.10 per square foot.

PACKAGING COST:

1. Trim with girth greater than 15"	20 pieces/carton
2. Trim with girth less than 15"	50 pieces/carton
3. Downspouts	12/carton
4. Standard Packaging: Cardboard with metal bands	\$3.44/linear foot
5. LTL Packaging: Cardboard with wood blocks and metal bands	\$4.63/linear foot
6. Plywood crating	\$9.50/linear foot
7. Minimum packaging charge	\$30.00
8. Minimum crating charge	\$75.00
9. Special Packaging	Please Inquire

DELIVERY:

1. 26 gauge colors (see color chart)
 2. Other gauges, colors and metals.....
- Approximately 5 Working Days
Please Inquire

PRICE YOUR OWN SPECIAL TRIM:

1. Calculate the number of square feet of material (girth x length).
2. Multiply the number of square feet by the appropriate square foot price (see chart below).
3. Add \$1.20 for each break and \$2.40 for each hem.
4. Add appropriate packaging costs.
5. Specify the side with the color or finished coat.
6. Send sketch of the special flashing to MBCI with order.
7. If more than one special trim is required, number them SF1, SF2, SF3, etc.
