can this view change so the viewer is looking southwest? that is, see the northeast corner of the building

i know it's the north....can we get more light on this side?

can we remove  
some of this  
vegetation to see  
building better?...or  
move camera  
vantage up?

can we get a view of  
this entry? It's the  
main one for the  
sports complex
